#### **CREATE A PIE-RAT SHIP**

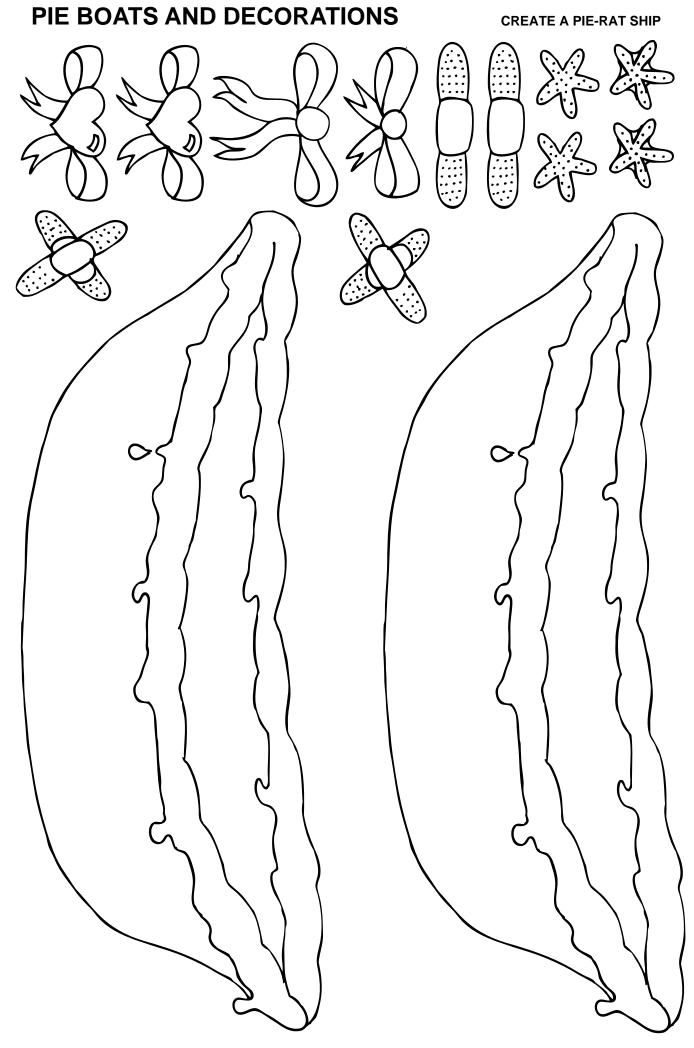

#### **CREATE A PIE-RAT SHIP**

In the Stroogle Sails the Seven Seas, The Pie-Rats sail on a giant pie ship. You can make your own Pie-Rat Ship like this example. Choose the parts from the sheets and cut and paste them together on a blank sheet of paper placed long ways (landscape) so your picture fits. Colour your ship, draw some pirates and add a background. To minimise detailed cutting, pages work best expanded to A3.
